Dear Parents & Guardians:

In an effort to increase the amount of in-person instruction, Covington High School is planning to allow in-person learners to attend school all day starting on March 29th. Students would attend two blocks per day throughout the week except for virtual learning day on Wednesday. Each block would run for a little more than 3 hours. Adjusting to this schedule would give students the equivalent of 4 days of in-person instruction for each of their classes. 100% Virtual Learners would attend live synchronous sessions for each block daily. Sessions would start at 8:40 and 11:50 or 12:30 depending upon lunchtimes for Virtual Learners. 100% Virtual Students will remain virtual through the remainder of the school year at this time. If an in-person learner would like to attend virtually, they would need to contact the guidance department by March 25th. Making the switch to virtual would be a commitment for the remainder of the school year. A daily schedule is attached to the back of this letter.

As we move forward, school attendance is extremely important. All students should strive to attend their learning model daily. The school day for all students will be 8:30-3:30 daily. Virtual Learners will also be expected to attend school from 8:30-3:30 daily. Students that are working should schedule their work hours outside of school time.

Covington High School is offering after-school remediation for students Monday, Tuesday, Thursday, and Friday when school is in session. If students are interested in staying for extra assistance, they should contact their teachers to see which days they are staying after school. Summer school will be offered this year as well for credit recovery. The first session will be July 5th through July 16th and the second session will be July 19th through 30th. If any student is interested in attending summer school, they should contact the guidance department.

We appreciate all of your assistance throughout this school year and we look forward to offering more instructional opportunities for all of our students moving forward.

Sincerely,

Derek Cantrell
